As a motivated and skilled Full Stack Web Developer with a robust foundation in Ruby on Rails, HTML, CSS, Bootstrap, JavaScript, jQuery, and React, I bring a year of hands-on experience in delivering dynamic web solutions. My expertise is further solidified by a Full Stack Web Development certification, showcasing my proficiency in both front-end and back-end technologies. Eager to contribute my technical acumen to a collaborative team, I am passionate about growing and evolving in my career as a developer.

PROFESSIONAL EXPERIENCE

Santophy Infotech Pvt. Ltd

Ruby on Rails Developer

07/2023 – 09/2024

Indore, India

- Collaborated with cross-functional teams, such as designers, product managers, and other developers, to deliver high-quality software.
- Optimized the code and the database queries for better performance and scalability.
- Implemented RESTful APIs to enable efficient communication between the front-end and back-end, enhancing application performance and scalability.
- Optimized database queries and managed PostgreSQL databases, improving data retrieval times and reducing load on the server.

TrioOcean Technologies Pvt. Ltd

Full Stack Developer Intern

01/2023 – 07/2023

Indore, India

- Gained practical experience with front-end and Back-end using development HTML, CSS, JavaScript, React, and Ruby on Rails enabling a full-stack development approach.
- Utilized Git for version control, adhering to best practices for collaboration and ensuring smooth project workflows.
- Integrated third-party APIs and services to enhance application features and extend functionality.
- Developed and maintained full-stack web applications using Ruby on Rails, improving functionality and user experience.

EDUCATION

Diploma in Full Stack Web Development

Techstack Institute

04/2022 – 12/2022

Delhi, India

Completed an intensive 8-month Full Stack Web Development course at Techstack Institute. The curriculum covered a range of tools and frameworks, including Ruby on Rails, HTML, CSS, JavaScript, jQuery, Bootstrap, and React. Developed hands-on experience by building scalable web applications and integrating APIs, while also mastering essential practices like version control (Git) and database management (MySQL, PostgreSQL). The program emphasized real-world project work, ensuring proficiency.

SKILLS

Ruby on Rails		HTML5 and CSS3
